and Data Science (TAD)

Causal Inference Community 1st Meeting

June 26, 2023
Berglas Building
Room 101

9:30–10:00 - Gathering

10:00–11:00

Selecting Subpopulations for
Causal Inference in
Regression Discontinuity Designs

Fabrizia Mealli

Department of Statistics, Informatics, Applications
“G. Parenti” and Director of the Florence Center for Data
Science, University of Florence
Department of Economics, European University Institute

Coffee Break

11:30–12:30

Statistical and Causal Uncertainty for
Individual-Level Causal Inference

Uri Shalit

Faculty of Data and Decision Sciences,
Technion - Israel Institute of Technology

Negative Controls for
Instrumental Variable Designs

Dan Zeltzer

Berglass School of Economics,
Tel Aviv University

12:30–13:30 - Lunch

Open to all faculty and students
